YOUR nerves must be free from pressure or you can not be well. Nerves are pinched in the spine by slight displacements of the spinal bones. The X-Ray picture will show to a certainty, if your spine is perfect or not. Let the X-Rays disclose the condition of your spine and if subluxations are found, have the Chiropractor correct same.

The ***City Directory*** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase

If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

An Undying Record of Your Business

In a recent law suit involving many thousands of dollars the records of the Boston City Directories of 1870, 1871 and 1874 were accepted as reliable evidence. Such evidence is continually being quoted in important suits. How necessary that proper care should be used by responsible members of the firm that a record having such possibilities should be absolutely correct. It costs but a trifle to insert a card each year giving all the details and on such a record may hinge in future the disposal of a fortune.

TROY STREET DIRECTORY

COPYRIGHT, 1919, SAMPSON & MURDOCK CO., INC.

Giving the name of each street and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as for instance, wishing to know at what part of Second street No. 168 comes, look at Second street, and it is found that Liberty street crosses at 156, Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Ciphers are substituted for numbers on streets not fully numbered.

There is little that is confined within the limits of your city, that has a name and location, that cannot be found in your directory.

It is the contents of your city between the covers of a book.

Can you intelligently be without it?

Consult the contents page—its a revelation.

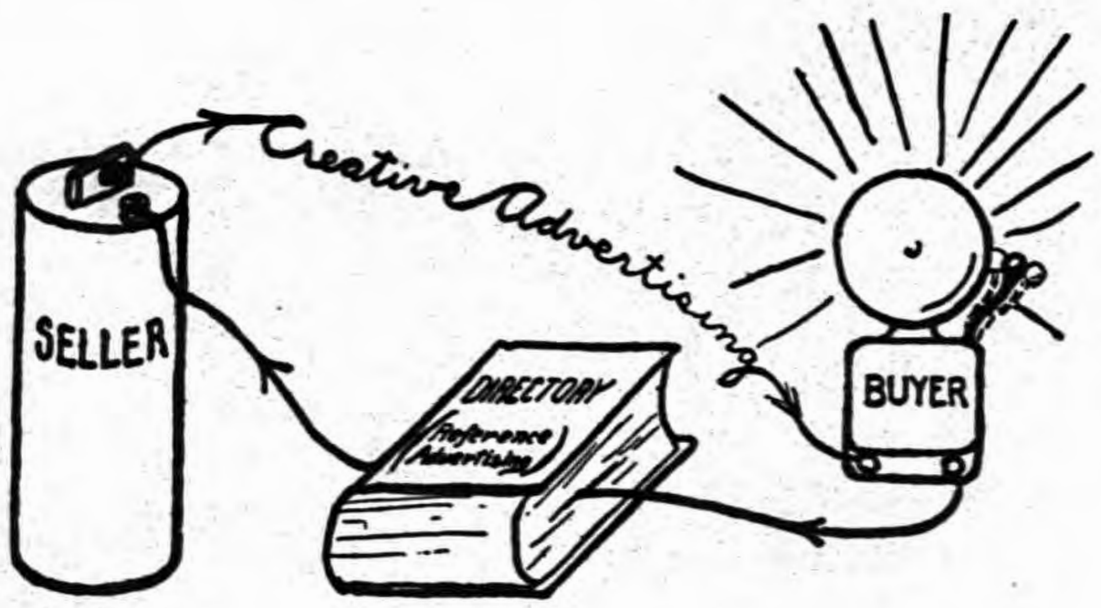
The Return Circuit in Advertising



The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made

Creative Advertising,—in newspapers, magazines, billboards, etc. tends to suggest wants and to create desire,

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for buyers' to find *You?*

CLASSIFIED BUSINESS DIRECTORY OF TROY

COPYRIGHT, 1919, SAMPSON & MURDOCK CO., INC.

The classification of Business Headings in the Troy Directory is made in accordance with a Standard List adopted by the Association of American Directory Publishers, September, 1904, to secure uniformity in all the principal directories of the country, and to largely promote the convenience of those making use of this important section of directories.

All headings indicated by * are Special Headings.
